EXAMINER'S ANSWER

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Connie Tong on December 16, 2005.

In the claims:

In claim 24, after the phrase "a method for" delete "prohylaxis or"

In claim 24, after the phrase "a peptide effective for" delete "prohylaxis or"

In claim 24, after the phrase "thereby providing said" delete "prohylaxis or"

REASONS FOR ALLOWANCE

The Examiner raises no issue with the term "prophylaxis" as recited in independent claim 20 since neither it, nor its dependent claims, recite a method of producing prophylaxis in a subject (i.e. complete prevention of a disease in all subjects). The claims are simply screening methods for compounds capable of producing prophylaxis. The screening methods, themselves, are enabled in the specification as originally filed.
